

## **Foundation 2 Homework**

**10.1.20**

We hope you all had a lovely break over Christmas. We have enjoyed hearing all the exciting things that happened over the holidays.

This week we have been learning about penguins and the Antarctic. In maths we have been re-visiting numbers 0 to 10 and learning all about number 11. We have been practising using the language of less than, fewer and more.

In Literacy we have been reading the non-fiction text *The Emperor's Egg*. We have learnt lots of interesting facts about Emperor penguins and tried to remember new vocabulary- *Earth, Antarctica, chick, hatch, huddle, waddle*. We had lots of fun pretending to be penguins by waddling, sliding on our tummies and carrying the pretend eggs on our feet. We even managed to make a huddle together to explore if we could keep warm like the penguins.

Next Thursday (16<sup>th</sup> January) we are going on a 'trip' to the polar regions to practise being polar explorers. Please can you bring to school a small suitcase or bag containing some things that you think a polar explorer would need. For example- a hat, some gloves, binoculars, a notebook etc. We will also be keeping warm by having some hot chocolate and a cookie. If you do not wish for your child to have these, please let us know.

### **Activities**

- Can you draw a penguin and write a fact about it?
- Can you share 3 facts that you have learnt about the Antarctic or Emperor penguins.
- Please read your online ActiveLearn book.

Thank you for your support

Mrs Bancroft and Mrs Lucan
