

Foundation 2 Homework 7.6.19

This week we have been practising 1 more and 1 less than numbers up to 20. We have been re-visiting 0 to 20 and ensuring we confidently recognise them. We have been making a total up to 20 with the Numicon. We have re-visited 2D shape and used the mathematical language – corner, side, straight and curved.

In Literacy we have been practising writing sentences independently and remembering to use full stops. We have been focusing on ensuring all the letters are correctly formed. We have learnt the tricky words **so** and **do**. We have learnt some more two syllable words for example: broomstick, shopping etc

We have done lots of Outdoor Learning this week – it has been great fun to watch the children make tractors out of the construction equipment, make a rope swing as a team, make up their own songs and dances and go on a pretend trip to France, where they made croissants and spoke French!

Activities For Home

- Use your Purple Mash login and explore Mini Mash.
- Can you find the numbers 0 to 20 around your home and garden?

Mrs Bancroft and Mrs Lucan.
